scott@nevadacoolerpad.net

This is a one hour combination hands on/Power Point presentation that covers the best practices of V-belt installation and maintenance to insure a longer life for your belts while reducing down time due to premature belt failures. You will learn all the issues that cause belts to fail and how you can overcome them from one of the leading belt manufactures in the country.

Time is Money!

**Make sure your team of installers are doing
it correctly the first time!**

**Nevada Cooler Pad and
Air Filter Sales &
Service**

We would like to remind all of our customers that we are now operating at one location, and can professionally handle all of your Evaporative Cooling and Air Filtration needs!

Nevada Cooler Pad and Air Filter Sales & Service are both long-standing product and service companies based in Las Vegas, Nevada. Licensed and insured, we specialize in residential, commercial and industrial evaporative cooling and air filter products, parts and service.

Your copy should address 3 key questions: Who am I writing for? (Audience) Why should they care? (Benefit) What do I want them to do here? (Call-to-Action)

Create a great offer by adding words like "free" "personalized" "complimentary" or "customized." A sense of urgency often helps readers take an action, so think about inserting phrases like "for a limited time only" or "only 7 remaining!"
